

Want your activities to count?

LAG is a **Group** that meets for 2 hours online once a month to discuss and plan activities on **LinkedIn**.

During the session we will put together a **Strategy** and create posts and content that will be used during the month ahead.

I will also update the group on all things new on **LinkedIn**. We will also review the previous months activities and share wins and challenges.

The **Group** will be restricted to 8 members so that all members will get value from the sessions.

For **£47 no VAT*** per month I will hold your hand, give you expert opinions and tips on your posts all in an exclusive group, that will be supportive and become your champions.

* If you sign up for **3** months then you get month **3 free**
